

**Local Full Fibre Networks Programme
Gigabit Broadband Voucher Scheme
Supplier Bulletin #31
16 April 2020**

Introduction

This bulletin provides an update about the status of the scheme and its funding. Please read it carefully and make sure you bring its contents to the attention of relevant colleagues. Our team continues to work as normal.

Scheme Funding

We undertook to provide regular updates about the remaining value of the LFFN fund. At 14th April 2020, the Scheme has delivered just over 22,000 connections supported by vouchers with a value of around £48.2m. Around £3.1m remains available for new vouchers supported by this fund.

From the rural part of the scheme, around £15.3m of funding is committed; this is part of the £200m Rural Gigabit Connectivity programme.

Suppliers are encouraged to focus their attention on developing projects which qualify for the ongoing Rural Gigabit Voucher part of the scheme.

If you have any questions about the Scheme please contact us using the Support function when signed into the website.
