

**Gigabit Broadband Voucher Scheme
Important Supplier Bulletin #45
16th February 2021**

IMPORTANT NOTICE

**IMMEDIATE CESSATION of the Kent Top-Up in association with the Rural Gigabit
Connectivity Programme Vouchers**

The Authority hereby gives immediate notice of the cessation of the Kent top-up element of the Scheme. This is as a result of voucher requests exceeding available top-up funding.

Whilst you can no longer request a top-up in the Kent area, you are able to request RGC vouchers in the Kent area up until 31st March 2021.

The Kent RGC top-up is not expected to reopen. We will directly contact those registered suppliers with Kent top-up vouchers at the requested stage to advise of the implications. Those vouchers at the issued stage are not impacted and can be progressed as normal. We will also contact any supplier who has a PRP with a Kent top-up, where the PRP has yet to be approved/published.

If you need to submit a support ticket or email on this matter, please title your message KENT TOP-UP however we would ask that you await further information from us in the first instance.
