

**Gigabit Broadband Voucher Scheme
Supplier Bulletin #52
16th April 2021**

Introduction

The Bulk Voucher Request functionality is now available for UKGV.

Bulk Voucher Request

You can now request vouchers in bulk using the template available on this page.

<https://gigabitvoucher.culture.gov.uk/media/change-control/>

The template hasn't been changed from the RGC bulk request, so you can continue to use your existing version if you have one downloaded already. UPRNs are now mandatory for voucher requests, previously they were optional.

You can request a maximum of 100 vouchers per upload. Eligibility will be checked automatically for all vouchers requested immediately, so please be patient while your upload is processed. This may take a couple of minutes.

Once processed, you'll see a list of vouchers that have been successfully requested and a list of failed voucher requests will be emailed to you with further detail on why the request(s) failed.
